

HOOP 霍普

Design by L&L Studio

编号：53C010

圆润有机的设计理念在HOOP床头柜中演绎的淋漓尽致，无论柜体还是金属腿，都以弧线勾勒出结构，四根纤细的金属腿固定在柜体外侧是当下最时髦的“结构外露”设计，一粗一细，一薄一厚，视觉和触感上双重呼应，耐人寻味。

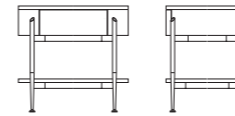

HOOP bedside cupboard realizes the concept of mild and organic living. The body and legs have curved lines. Four slim legs are fixed around the body, echoing the trendy “exposed structure” design language. The contrast between thick and thin stretches the imagination.
